

INITIAL REGULATORY FLEXIBILITY ANALYSIS

Department of Commerce

RULE NO.: Chapter Comm 5

RELATING TO: Building Contractor Registration

1. Types of small businesses that will be affected by the rules.

The proposed rules require the registration of individuals and entities that act as building contractors or subcontractors who are involved in the construction or modification of public buildings, places of employment and one- and 2- family dwellings and who are not already credentialed by the department. The department currently credentials several contracting trades, including dwelling contractors, HVAC contractors, electrical contractors and elevator contractors. The rules would apply to those persons and entities engaged in the business of commercial general construction, drywall, plastering, electrical wiring, finish carpentry, flooring, framing carpentry, glass and glazing, insulation, masonry and stone work, plumbing, concrete work, roofing, siding, building site preparation and/or stabilization, structural steel, tile and terrazzo, wall coverings, and other building or equipment specialties.

2. Reporting, bookkeeping and other procedures required for compliance with the rules.

No additional reporting, bookkeeping or other procedures are required above the registration of the building construction business.

3. Types of professional skills necessary for compliance with the rules.

There are no new types of professional skills necessary for compliance with the rules.

4. Rules have a significant economic impact on small businesses.
